

The following competent experts have been involved in the preparation of this Environmental Statement on behalf of Solarcentury.

EIA Coordination	
 <p>The image shows the Pegasus Group logo, which consists of the word 'Pegasus' in a bold, sans-serif font above the word 'Group' in a smaller font, with a red curved line underneath. Below this is the IEMA Quality Mark logo, which is a circular emblem containing the text 'IEMA', 'Transforming the world to sustainability', and '- EIA -' with a checkmark.</p>	<p>Pegasus Group is a Member of the Institute of Environmental Management and Assessment (IEMA) Quality Mark. The IEMA Quality Mark is a scheme which allows consultancies that lead the co-ordination of Environmental Impact Assessments in the UK to make a commitment to excellence in their EIA activities and have this commitment independently reviewed. This Environmental Statement has been compiled and reviewed by members of the EIA team at Pegasus, including Chartered Environmentalists with IEMA and individuals qualified at postgraduate level (MSc and PhD) in Environmental Assessment.</p>
Landscape and Visual	
 <p>The image shows the Pegasus Group logo, which consists of the word 'Pegasus' in a bold, sans-serif font above the word 'Group' in a smaller font, with a red curved line underneath.</p>	<p>Pegasus has three offices which are Registered Practices with the Landscape Institute (Cirencester, Leeds and Birmingham). The Landscape Team at Pegasus regularly prepare Landscape and Visual Impact Assessments (LVIA) as part of EIA projects. The LVIA has been prepared by a Chartered Member of the Landscape Institute.</p>
Biodiversity	
 <p>The image shows the Avian Ecology logo, which features a stylized green bird icon followed by the text 'avianecology' in a lowercase, sans-serif font.</p>	<p>This chapter has been prepared and separately reviewed by Avian Ecology professional ecologists who are full members of the Chartered Institute of Ecology and Environmental Management (CIEEM) and are experienced in the field of ecological impact assessment.</p>
Traffic & Transport	
 <p>The image shows the Pegasus Group logo, which consists of the word 'Pegasus' in a bold, sans-serif font above the word 'Group' in a smaller font, with a red curved line underneath.</p>	<p>Competent experts involved in the assessment, preparation and checking of the Construction Traffic Management Plan variously have Chartered membership of the Institute of Logistics & Transport (CMILT), Membership of the Chartered Institute of Highways & Transportation (MCIHT) or</p>

	Membership of the Institution of Civil Engineers (MICE).
Human Health	
 <p>Pegasus Group</p> <p>solarcentury</p> <p>LFAcoustics consulting engineers</p>	<p>The Human Health Chapter has been compiled by Pegasus to summarise the individual technical assessments in respect to Noise, Air Quality (Construction Phase); and Electrical Risks (Transmission and Storage of electricity). Members of the Planning team at Pegasus include Chartered members of the Royal Town Planning Institute and IEMA. The Socio-Economic team at Pegasus also have experience in producing Health Impact Assessments to examine the potential health effects of new development.</p> <p>The Energy Storage Safety Management Plan has been prepared and reviewed by competent experts at Solarcentury to ensure that the fire prevention measures, alongside the safety limits within the Energy Management System (EMS) meet or exceed UK regulations and industry recommendations.</p> <p>The Noise Assessment has been produced by LFAcoustics who are Acoustic Consultants registered with the Institute of Acoustics (MIOA).</p>
Air Quality	
 <p>Air Quality CONSULTANTS</p>	<p>Competent experts involved in the assessment and preparation of the Air Quality Technical Note have full membership of the Institution of Environmental Sciences (MIEnvSc) and Institute of Air Quality Management (MIAQM).</p>
Risk of Major Accidents and Disasters	
 <p>solarcentury</p>	<p>The Energy Storage Safety Management Plan has been prepared and reviewed by competent experts at Solarcentury to ensure that the fire prevention measures, alongside the safety limits within the Energy Management System (EMS) meet or exceed UK regulations and industry recommendations.</p>
